循道中學 14-15

50 GASCOIGNE ROAD

Methodist College has more than half a century of history nurturing generations of promising young minds in the Christian spirit. Today, many of our outstanding graduates have taken up prominent positions and are making their contribution in various fields. Many, feeling proud of the

education that has made them what they are today, have shown their trust in the College by sending their own children back to their alma mater to enjoy the same heart-warming schooling experience. We have a strong alumni base from which rich resources can be tapped. Through donation, coaching and sharing of experience, our graduates make tremendous contribution to the growth of the College and raise the sense of belonging of their juniors in the Methodist College family.

Being a grant school, Methodist College shares similar status and tradition with some of the most prestigious schools in Hong Kong, one of the distinct features being its strong culture of using English as the medium of instruction. It is one of our highest priorities to further enrich our English learning

environment. We are also gradually increasing the use of Putonghua, and providing various opportunities for our students to see the world and to get in touch with different people and culture, so as to adequately equip them for the demands of the future society.

To live out the College's mission - To develop whole-person education based on Christian principles, and to nurture wholesome life through the preaching of the Gospel, we have put "Developing good quality lessons" and "Building a positive school culture" as our major concerns for 2013-2016. With a whole-school approach, we endeavour to bring balanced development to our students apart from striving for academic excellence. As a Christian school, we are strongly supported by the Kowloon Methodist Church in this mission. Our slogan sums up our core values in the short form MCKLN:

We are here to nurture:
Modest Caring and Knowledgeable
Leaders of the New Era

1958年循道中學剛落成，矗立在加士居道小山崗上，毗鄰為循道衛理聯合教會九龍堂及循道學校。

Methodist College is the first of the eight secondary schools of the Chinese Methodist Church. A group of church leaders conceived the idea of building a secondary school way back in the early 1950's to provide continued education for the graduates of Methodist School.

The College was accorded the grant school status from the very beginning. The first school year commenced in September 1958 with an enrolment of 312 students in 8 classes ranging from Form 1 to Form 4. There were 12 members on the teaching staff under the leadership of our first principal, Mr. Lee Lin Chi. The College was officially opened on 1st November, 1958 by the then Governor of Hong Kong Sir Robert Black, K.C.M.G. Since 1959, the first of November has been observed as our Founders' Day. Our annual Speech Day was also held on the same day until recent years. The event is now held on the first Saturday of November.

循道中學是中華基督教循道公會（現稱香港循道衛理聯合教會）在香港創辦的第一所中學。當年，教會鑑於循道學校小六的畢業生人數眾多，為回應社會需求，向政府申請在循道學校毗鄰撥地興建中學，由此便創辦了循道中學。

循道中學校舍在 1958 年落成，正式隸屬於當時香港教育司補助組管理，成為一所政府補助的英文中學。是年九月收生三百餘人，計中一至中四共八班，首任校長為李連枝先生，老師共有十二位。是年十一月一日舉行開幕典禮，由港督柏立基爵士主持啟鑰禮。自此，循道中學的校慶，皆設訂於每年的十一月一日，並為紀念籌建本校的先賢同道，校慶日稱為校祖日（Founders' Day），直至近年才將十一月第一個星期六改為校祖日。

根據當年建校總幹事黃作牧師說，循道中學不單止注重學術的培養，更重視優良的宗教教育和學生德育及靈性的發展；為教會培養人才，也是學校的主要目標。

According to Rev. Wong Tsok, General Secretary of School Building, the school not only focuses on students' academic development, but also religious, moral and spiritual education. It is also the College's mission to nurture talents to serve the Church.

East wing 東翼

MCTV 校園電視台

The school comprises four blocks, with the main building completed in 1958. The North Wing was completed in 1963 to accommodate the rapidly increasing number of students. Under the School Improvement Project of the EDB, the South Wing was built with government funding and was ready for use in 2005. This greatly released the load of the original campus. The moving out of Methodist School to a new campus in 2011 further added a new wing, the East Wing, just in time to meet the need of the NSS curriculum. Apart from having more classrooms, small group teaching rooms and a Senior Learning Commons are also available. All classrooms are air-conditioned and equipped with computers and projectors. All teachers are provided with notebook or desktop computers for preparation and delivery of lessons. The whole campus is connected in a network with optic fiber and wireless network to support IT in education. Besides, the MCTV studio and editing rooms provide space and opportunities for students to develop their creativity and communication skills.

本校共有 4 座：主樓於 1958 年創校時落成，北翼是為了容納激增的學生而於 1963 年建成；南翼為教育署斥資的學校改善工程，在 2005 年竣工，紓緩了校舍擁擠的情況；2011 年隨著循道學校遷往新址，則加添了另一校舍——東翼，正好配合新高中課程的需要。除了課室數量大增外，活動空間亦得以擴充。小組研習室及供高中生使用的自修室相繼啟用。課室均設有空調，並裝有電腦及投影器輔助教學。全校老師配備手提或桌面電腦，作備課及教學用途；光纖及無線網絡覆蓋全校園，支援資訊科技教學。此外，本校設有校園電視台錄影室及製作室，為學生提供多元化學習，增加他們溝通及創作的機會。

Spiritual Education

Our school was founded on Christian principles. Through the Religious Education curriculum, Student Christian Fellowship and other gospel oriented activities, students may see Jesus Christ's example—an omnipotent God who humble Himself to live among people and serve the needy and even die for us and learn to be modest servant leaders.

The Evangelistic Week is the highlight of Religious Affairs. Every year, evangelistic meetings and a variety of events are prepared for students. Gospel camps, lunch programmes and other activities are also organized to meet spiritual needs.

本校是一所建基於基督精神的學校，我們是希望透過舉辦不同形式的活動（包括福音週、學生基督徒團契及學生福音營會等），讓學生有機會認識福音、從而得著豐盛的生命。

Life Education 生命教育

Our Life Education Curriculum consists of seven themes which include 'Self-Discovery', self management, Career Education, 'Be a Servant', Environmental Education, 'Harmonious Society' and 'Healthy Life Style'. All these themes will be implemented in a whole school approach. There is one focus for each level. For instance, S1 students will develop better self-understanding through Life Education Lessons and various Life Wide Learning activities. S2 students will learn more about self management through workshops. S3 students will be exposed to a wide range of careers, so that they will make wise choices for DSE. Senior form students are guided to participate in various voluntary services, to think globally in terms of sustainability, to understand more about different cultures in Hong Kong and to develop a healthy lifestyle. We hope that all of the above will enhance the whole person development of our students.

循道中學自創校以來，一直以實踐德智體群美靈之全人教育為宗旨。我們相信知識教育固然不可或缺，但幫助學生在處理情感、人際關係，以至屬靈生命上有所成長更為重要。有見及此，我校於 2007 年重新規劃全校的生命教育課程。新課程按著學生在成長過程中不同的需要及參考台灣已發展多年的生命教育課程而制定。各級均有不同的主題，並每年檢討和修定。以下為 2014-15 年度各級主題：

中一：自我發現之旅；中二：自我管理；中三：尋找生命的色彩（生涯規劃）；中四：僕人、領導；中五：環境教育、世界公民、多元文化；中六：情緒教育、心理健康；

Gifted Education Program

校本資優培育計劃

Formed with an aim to identify, recognize and stretch students' potentials in various areas, we have created a Talent Pool of more than 150 students from Chinese, English, Mathematics, Science and Humanities. Students are not only given opportunities to receive tailor-made programs relevant to their needs in the school, they are also given chances to explore and develop themselves systematically and strategically through off-site programs offered by the Education Bureau, Hong Kong Academy for Gifted Education, universities and institutions in the territory.

Whole-class tailor-made programs have also been organized in English and Aesthetic Education. Students participated enthusiastically in them.

To help parents better understand the concept of Gifted Education and ways of nurturing gifted children, parents' seminars have been organized.

為了甄別學生的多方面潛能，讓其各展所長，本校挑選了百多名在中文、英文、數學、科學及人文學科表現卓越的學生組成「優才薈」。相關學生能參與各種校本計劃，以迎合其學習需要。此外，他們也能參加由教育局、香港資優教育學苑、區內大專院校等機構所舉辦的校外支援計劃，藉此有系統地、有策略地開發固有潛能，盡展個人優勢。

本校英文科、藝術教育科均開辦全班式校本計劃，以照顧整體需要。同時，本校也會舉辦家長講座，讓家長更透徹地了解資優教育的理念，並掌握培育資優子女的方法。

師兄師姐計劃旨在提升高中學生帶領活動的技巧，及幫助中一同學及早適應中學的校園生活。每年，師兄師姐均為同學舉辦不同類型的活動，如中一迎新、互相認識、認識學校，及一些班際活動。高中同學與中一同學均能樂在其中，彼此共同成長。

The Big Brothers and Big Sisters Scheme serves to nurture senior form students to be caring leaders and to help S1 students to adjust to secondary school life at the same time.

Every year, a group of senior form students are trained to be big brothers and big sisters. Not only does the Scheme bring out the talents of senior form students, it also develops their potential and enhances their self-confidence.

In the scheme, the senior form students act as servant leaders to serve their 'brothers and sisters' at school. We believe that our S1 students, who have experienced the love and care of the senior students, will pass the spirit on and become big brothers and sisters for the future freshers.

It's always fun at
English Time!*

Methodist College has a tradition of conducting all major school events, such as Sports Days, Founders' Day, Inter-class Singing Contest, Variety Show etc., in English, with our English Ambassadors taking up active roles in emceeing these events.

We also host a string of English activities at each form level as well as at the departmental level. Through ENGLISH TIME during lunch hours and English Activity Days, students are given opportunities to showcase their talents. Essay and poetry writing contests are also held throughout the year.

Our stronger English students make up the English Society and English Ambassadors. They endeavor to provide fun and meaningful activities, including Operation Santa Claus, where our students raise money to donate to the territory-wide known charity each Christmas season, a Valentine's Day Rose selling, which is held in conjunction with our Valentine's Poem Writing Contest and English game stalls.

Outside the school, we have a strong presence as our students compete and participate in many external competitions, examples being the Speech Festival, the Mock Trial Programme, Singtao Interschool Debating Competition, EMI Drama Fest, Hong Kong Schools Drama Festival, drama & presentations for primary schools, Inter-school scrabble competitions and the Model United Nations Conference.

Immersion and Exchange Programmes

Every year, our outstanding students are given the opportunity to fly off to two English speaking foreign countries for two weeks during their summer holidays. Our Junior Form students go to Singapore while our Senior Form students go to the UK. These very fortunate students are awarded full scholarships from the College's Miss Helena Sito Education Fund, where all travel, accommodation and meals are provided free, as well as tuition and spending money.

To maximize our student's chances of using English and broadening their cultural perspectives, we invite exchange students from overseas to study at the College. Last year we had Sally Devantier from Denmark and Muerau Vincent Gerhand from Germany. This year we have Gianluca Luvara from Italy and Elouise Twose from Denmark. We have also invited the AFS to hold an Intercultural Exchange Day with all classes where exchange students from various countries had a chance to chit chat with our students. We also have visiting teachers and students from Methodist schools overseas, for example, those from Methodist Boys' School Kuala Lumpur, Methodist Girls' School of Singapore and Wesley Girls' High School of Taipei.

Chinese Language 中國語文

The Chinese curriculum is structured according to students' abilities and needs. Through providing students with tailor-made materials and a wide range of language enhancement activities, such as Speech Festival, debating and writing competitions, students develop more interest in the subject and their proficiency in Chinese language has improved. Since 2009-10, Putonghua has been the medium of instruction for Chinese Language in one class in each junior form. With more authentic Putonghua learning experiences provided, bi-literacy and trilingualism is promoted.

Six Years in Methodist College is a journey full of blossom and blessing.

At times hardship has knocked on my door, but the love and support from teachers and schoolmates has strongly backed me up.

I am never alone on my path to academic achievement and self advancement. With passionate and devoted teachers, I find it difficult not to realize the lovely side of every subject. I treat those subjects as powerful companions, and the encouraging faces and dialogue with friendly schoolmates as my energizers. My alma mater also presents me with numerous initiatives to polish my all round skills. I am gratified for having such a fruitful school life.

In face of HKDSE, most of us felt depressed and exhausted. However, the bond established among teachers, schoolmates and I for years have pulled me out of darkness. The Lord also shines upon me and guides me through obstacles. I am so glad that I have finally succeeded in HKDSE. What a tight and blessed Methodist College family we are!

Thanks for providing me with a solid foundation to be well prepared for future challenges. I hope everyone at Methodist College will lead a joyous and bountiful life!

Time flies. Six years in Methodist College have passed so quickly and it seems that just yesterday I stepped for the first time into this wonderful school and now I have to leave. While my time here seems to have gone by in the blink of an eye, I will not soon forget any of the tremendous experiences I have had.

We have all strived to achieve results worthy of our potential and in our individual ways. We have all shone. With devoted hearts and as part of a passionate learning environment we have sought to turn jade into polished ornaments. We have all benefited academically under the caring tutelage of dedicated teachers who have helped us deal with the new examination system by familiarizing us with new formats, providing past papers and explaining the skills required to tackle challenging questions. On top of this, Methodist College has ensured that both Chinese and English are allocated more lesson time, creating a solid foundation for us to score higher in the HKDSE.

Psychologically, facing such big obstacles has left me feeling exhausted at times and I am so glad to have had such compassionate teachers and schoolmates to be my companions. Teachers share past experiences with us and give advice about our future, while friendly schoolmates encourage one another and we join hands to go through the ups and downs. Without their support, I could neither be courageous enough to face the rigorous challenges of senior secondary nor succeed in HKDSE. My results are too good to be true. What a blessing!

Studying in secondary school is a part of our life, and we definitely want to live happily and productively. I hope that future students have an unforgettable and fruitful school life at Methodist College, so that when you do graduate, you can leave with a smile on your face just like me.

在循道中學燃燒的六年青春，我敢說，當中分秒毫不留白。能在公開考試中取得平均每科 5* 的理想成績，得以修讀港大的社會科學學士（政治學與法學）及法學士雙學位課程，當然有賴母校裡每位良師不辭勞苦的指導。然而，在我眼中，循中並非製造「奪星機器」的工廠，而是讓學生們尋夢追夢、累積人生經驗的田圃。

於中學時期，我曾嘗試參選學生會，參與過學生報的工作，在師兄師姐計劃中與師弟妹交流，亦和志同道合的朋友一起籌辦機械人校隊、國史學會，擔任幾個學生組織的副主席，同時又參加過青少年發明家、機械人奧運會等電機比賽，化所學為所用。在二零一三年的暑假，在政府及學校資助下，我不但參加了南京的高校科學營，亦修讀了香港理工大學的「食物安全與科技」體驗課程，一嘗當大學生的滋味。

學校給予我們的還有那互助互愛的基督精神。在考試前夕，或許人人都有氣餒的一刻，但老師卻在補課之餘不時勉勵我們，還有師兄師姐特地回校分享自身經歷，替我們加油，讓我感受到循道這大家庭中，有著不能磨滅的情。

最後，希望師弟妹在校園留下美好回憶之餘，切記要專心讀書，做好學生本分！願母校的木棉種子播得更廣、飄得更遠！

My school days ran and rushed on the path of life as if I could never tame them nor calm them down. This school on the hill is a storage room of all my memories as it has recorded the trajectory of my life. I am so glad to have experienced all those valuable sentiments, all those golden speeches from my teachers and all those happy memories. Dear Principal, all teachers and my fellow schoolmates, thank you for creating the most beautiful picture ever in the world! Maybe one day, I will forget all the exam techniques and answering frameworks but everything wonderful will be kept deep in my mind ever after.

I would never have been able to obtain such a good result in the HKDSE without all the help from my teachers. Every teacher taught us with their heart and passion. Whenever we had a problem about studying, they would use clear our doubt with their time. Beyond a shadow of doubt, it was my teachers who were the most pivotal determinant of my success. Their exam-oriented teaching tactics in F.6 helped me a lot in tackling every single question of the DSE. Every time I wanted to give up, my teachers would encourage me and ease my stress about the public exam. All the teachers in Methodist College treat every student as their own child, taking care of each of us with full attention. What I received from my school was not just knowledge and exam skills, but also love and care. It was Methodist College and all the teachers who completed me. It was Methodist College and all the teachers who allowed me to be who I want to be.

Time is still travelling as fast as ever. Perhaps in the future there will be a different scene, a different identity but the images of what I used to have will still accompany me throughout my life. I know I will never leave this school. My school is always standing behind me as my great back up. Thank you very much, Methodist College!

六載光陰轉眼即逝，我在母校的悉心栽培下，順利完成公開考試，並就讀有「香港第一學府」之稱的香港大學，繼續積學儲寶，追尋夢想。

回憶起準備公開考試的時候，母校給予學生最大程度的支持，這使我有更強的信心和能力出戰中學文憑考試。老師們在課堂上將生平所學傳授予一眾學子，更在課後安排補課，務求讓學生以最佳狀態應試。黃校長甚至約見各班的學生代表，了解我們的學習需要，例如在長假期使用校舍自修室等，並在短時間內予以安排。由此可見，循道中學對學生的學業尤為重視。

學習以外，母校所奉行的「全人教育」人才培育方針，亦令我收穫甚豐。高中階段，我幸獲校方選拔和推薦，得以在一年內兩次到北京交流。旅程當中，我到訪了當地的政府部門和著名大學，使我能更透徹地了解國情，這對於我日後研習社會科學殊有裨益。另外，我也加入了校內學生組織，擔任相關職位，如參選學生會、組織國史學會、在評議會進行修憲等，因此獲得珍貴的活動組織和人事管理經驗，為日後在職場上發展事業做好準備。

我雖然離開了母校，但我仍會關注循中的發展，以校友身分繼續略盡綿力，以報母校栽培之恩。謹此祝願母校師生團結一致、互勵互勉、夙夜匪懈，為學校的進步出一分力。我以「循中人」的身分為榮！

My six years of school life in Methodist College have definitely been full of blessings. For me, it is more than a school which incubates future pillars, but a warm family, which gives students endless power to fulfil their own unique dream.

On top of academic excellence and a plethora of chances for students to participate in extra-curricular activities, Methodist College is an ideal school, thanks to the enthusiasm of teachers. They never require us to become the 'ideal student' but try to unblock our own special potential. They inspire us in different means in hopes of guiding us into the pathways which suit us most. It was at Methodist College that I first found my future goal. And it was at Methodist College where I strived for that goal. The mediocre teacher tells. The good teacher explains. The superior teacher demonstrates. The great teacher inspires. Teachers here are definitely the greatest.

In our last year of secondary school life, we all faced the HKDSE, which is a decisive moment in our school life. That year we were bombarded with endless past papers and mock exams, followed by relentless stress and frustration. Sometimes we were exhausted. Sometimes we were fed up. And sometimes we were lost and we actually wondered what we were doing. But whenever we thought of giving up, supportive texts or words given by classmates and teachers would simply eliminate this discouraging thought. With the company of each other, we never quitted, but held a positive attitude towards the public exam.

I am really grateful to have studied in Methodist College. Had it not been for the efforts of all the dedicated staff here, I would not have had that much determination and persistence to attain my goal.

The ideal environment of learning has always occurred to me as one that provides students with a wealth of opportunities as well as passionate teachers. I am very grateful to have studied at Methodist College, which offered me an excellent learning atmosphere with both of those two crucial elements.

Here, we are given chances to explore diverse areas, ranging from culture to sports. Getting exposure to multiple experiences has not only benefited us academically, but also improved our all-round skills. I am thankful to have been chosen to join two exchange programs that were both fully sponsored by the school. These experiences have enabled me to build up my global perspective and very greatly enhanced my interpersonal skills, getting me equipped for tertiary education.

Apart from overseas programs, local exposure provided by Methodist College also contributed a great deal to creating an inspiring high school life. There are a wide variety of societies, clubs and teams run by students. What's more, many graduates actually come back and take up positions as helpers or even mentors. As a result, we don't just get hands-on experiences, but also feel the love of the college as in the love of the family.

The aforementioned extra-curricular activities have acted as stepping stones for our successful future pathway, but without the teachers here we would never have done the same. Teachers here are not just academic educators, they are actually our friends or even more accurately, family members. Academically, they never hesitate to go the extra yards and explain difficult concepts in an understandable and intriguing manner. Non-academically, teachers at Methodist College share their personal life experiences and motivate us to think out of the box and pursue our dreams.

The path towards DSE is never an easy one. I would never have achieved such satisfactory results without our teachers here. I can still vividly recall those late-night messages, which popped on my phone screen and of course, the little cards with words of support in my pocket when I was just about to give up.

Methodist College is a warm family, which hones in students the competitive edge for future challenges. Don't ever hesitate to join us!

It is my pleasure to share my experience with you. On the 12th of May 2008, there was an earthquake in Sichuan, China with thousands of fatalities and injuries. On the 14th of May 2008, I led a 41-strong rescue team from Hong Kong en route to Chengdu. We had to face a number of challenges, such as the lack of water and food, poor hygiene, aftershocks, communication cut-offs, etc. With our determined efforts, our Team eventually overcame all the challenges and successfully completed the task. The operation was well recognized by the Chinese Government, the HKSAR Government and the Hong Kong people as well.

As the Team Leader of the rescue operation, I feel a great honour to have accomplished such a great mission. Professionalism and confidence are the key factors of success.

We are really fortunate to live in Hong Kong, such a peaceful and safe city. So if you are able, care more about others and assist those in need of help. Nobody knows when you might need the help of others.

I am proud to be an alumnus of Methodist College. My secondary school life did provide me a good foundation for my career path.

Dr Alice Siu Ling Wong, now an educator herself, shared with us an important principle she learned at Methodist College.

Judging the science competition

“Great teachers teach students, not a subject.” - This is what I always remind my prospective teachers before they set on the path to becoming a teacher. I was fortunate to have had many great teachers during my education at Methodist College in late 70's to mid 80's.

While I can't remember much about the properties of each transition metal learnt in Inorganic Chemistry, I still remember my first wonderful star observation experience at the dam of Tai Mei Tuk where we listened to Mr. Fong's many exciting stories about the deep sky objects and science. Equally fresh in my memory are the many joyful chit-chats around BBQ fires during camping with Miss Lung, Miss Lau and Miss Li. There are simply countless memorable moments which always pop up in our reunions.

Now that I have been in the teaching profession for many years, I have come to realize that I should not have taken anything for granted from our teachers at Methodist College. I am most grateful for their love and care in developing us to be respectable persons of good nature and quality and, most of all, “having taught their students but not a subject” - a principle I'd like my prospective teachers to uphold. I also sincerely wish the culture of harmony precipitated in Methodist College, my beloved alma mater, would be perpetuated.

在循中的時光裏，我滿足於多姿多采的群體生活，其中包括不同學會的活動，還有師生打成一片的聯誼節目；師生一起打球、一起考察旅行、一起看英語電影的日子，至今難以忘懷。目前，我希望藉着參與「師徒計劃」和校祖日，回饋母校，報答師恩。

母校一眾良師傅我以文，約我以禮，縱然事隔多年，他們的教誨仍深刻地烙印在我的心中，讓我增廣學問，洞明處世之道，一生受用。在循中讀書的時候參與過的體育運動，都伴我度過不少快樂的時光，自感滿足。對母校的歸屬感，驅使我擔任校友會主席，務求為母校出一分力。

中學時期尤愛籃球、足球、游泳，母校給予我不少在體育方面大展拳腳的機會。中六以後，一班學業運動兼顧得宜的同學啟發了我，讓我明白讀書貴乎自律用心，更貴乎切磋交流。除了讀書和打球，幸而當年有機會擔任學生會康樂一職，這對我的升學就業多有裨益，影響深遠。

循道中學確是一間好學校，校風淳樸、學生純品、老師要求嚴格。我們要學習自己備課和發問，這是求學問的正確態度。我在循道中學學到很多事物，做學生會出版秘書學懂怎樣出版一份刊物，除了找人投稿外，更要到印刷公司對版、揀色。中七時我與同學組成自修小組備戰高考，但有空時會跟同學到飯堂踢毽。中學生活帶給我很多快樂的回憶。

我在循道中學渡過了七年的中學歲月，七年的中學生活既快樂又健康。循道中學有很多不同形式的課餘活動，為我們提供非常均衡而愉快的學習環境。我喜歡於午飯期間到籃球場打籃球，亦享受下課後於音樂室與中樂隊隊員練習樂曲。我認為循道中學有非常優良的校風，當年已經是一所有先進理念的學校。老師不要學生「死讀書」，鼓勵學生有全面發展，培養他們的領導才能。在循道中學讀書是我一生非常快樂的時間，從中建立的友誼亦多年不變，至今還不時與循道中學同學聚舊，我希望同學能多享受美好的校園生活。

循道中學的學生形象淳樸，同學之間凝聚力強。就讀中六時，我有很多機會參與課外活動，包括志願服務工作，如植樹和與貧苦兒童遊戲等；也要經常往圖書館找參考，從中學習到一套資料搜集、整理和分析的方法。中學的校園生活，實在多采多姿，令人懷念。

本校 55 年來孕育了無數傑出校友，在各行各業服務社會。本校自 2009 年，承蒙陳德忠校友鼎力相助，開辦了「師徒計劃」。透過此計劃，「師傅」將會在一學年內，在升學、職業導向等方面，指導及協助「徒弟」。在 2013 至 2014 年度，共有 27 名校友擔任「師傅」及 63 名中四至中六同學參與計劃成為「徒弟」。

The 55-year history of the College produced many distinguished alumni who are already serving the community in various ways. Capitalising on this rich pool of talent, we launched a Mentoring Programme with the dedicated support of our alumni. In the 2013-14 school year, 27 alumni from a wide range of professions signed up to become mentors to 63 F.4-6 students. They share their life experiences and their careers with our students.
