

## **CLP EVENTS (MCareers Programme) 2024-2025**

### **AIM:**

The 3-3-4 education reform places more emphasis on Other Learning Experience (OLE). One component of OLE is Career-Related Experiences. To help our current students learn more about the working world and to help them start thinking about their goals in life, we have a MCareers Programme open to free participation for our Form 4 to Form 6 students.

### **REPORT:**

MCareers Programme ran numerous internal and external events this year. The events are listed in the table below:

## Empowering Future Leaders: FutureGEN Girls Leadership Summit 2024

On November 9th, 2024, six S3 and S4 girls attended the FutureGEN Girls Leadership Summit, hosted by the Jennifer Yu Cheng Girls Impact Foundation. The event aimed to empower young women by helping them discover their unique strengths, or "superpowers."

Our students engaged in inspiring talks by female professionals and participated in hands-on workshops covering topics like AI and design thinking. Through these activities, they connected with industry experts and developed a deeper understanding of societal challenges. We strongly encourage more students to join this incredible summit next year to broaden their horizons and explore their potential as future changemakers.

### S3 Parents' Night and Course Selection Booth

The CLP Event (Internal) – S3 Parents' Night and Course Selection Booth was successfully held on 29<sup>th</sup> November 2024.

#### **About:**

Our school hosted an F3 Parents' Night and Course Selection activity to guide families with their subject choices. The event featured interactive booths for all electives, staffed by teachers and students who provided valuable curriculum insights and shared personal experiences. This helped F1 to F3 students and parents make informed decisions for their academic future.

Additionally, a guest speaker from Hok Yau Club led a well-received seminar on essential course selection skills. The successful event provided crucial guidance, effectively preparing students as they advance to their senior secondary studies.

### S3 Job Exploration

The CLP Event (Internal) – The S3 Job exploration was successfully held on 17<sup>th</sup> January 2025.

#### **About:**

This event aimed to assist F.3 students in understanding the skills required for different professions and paving their future paths. We provided simulated work experiences in various industries, allowing students to gain firsthand experience of different job environments.

### S.5 CLP Workshop: Mock DSE Release Day

The CLP Event (Internal) – S.5 Mock DSE Release Day was successfully held on 25<sup>th</sup> June 2025.

#### **About:**

The event started with an introduction that emphasized the importance of being well-prepared and offering guidance on how to approach the various tasks. One of the key activities of the event was the organization of mock interviews for JUPAS, ASSO, and overseas study options. These interviews were designed to help students develop their interviewing skills, gain confidence, and better understand what to expect in an actual interview situation. Another important activity was the mock DSE result release, which simulated the actual release of results and provided students with the opportunity to experience the emotions and stress that come with such an event. The event also included a consultation session where students could seek advice and guidance from experienced professionals on various academic and career-related issues. Overall, the S5 Mock Result Release Workshop was a valuable experience for students, providing them with practical support and guidance to help them succeed in their academic pursuits.

## MC Dream Starter 2024-2025

The CLP Event (Internal) – MC DreamStarter 2024 – 2025

### **About:**

The aim of the MC DreamStarter programme is to encourage Methodist College Students (including current students and alumni who are not currently employed) to actively develop themselves in their personal learning, add value, and pursue and achieve their dreams with various forms of support. This year 2024 – 2025, a S.6 student was selected. His dream is to open a video editing company.
